## **Minutes of the 51st Annual Meeting**

### **REPORT FROM THE BOARD—JUDY MCNAMARA**

The board had lengthy discussion about future specialties and more will follow in the 2016 Specialty Report by Myra Wotton.

The board also had in-depth discussion about changes to the website and will give you the details as they emerge. The current website cannot be supported beyond the end of this year. The cost to replace it under the current situation would be more than we can afford.

In the future, new members will be required to provide an email address for club communications.

The board approved the purchase of Flipbook Builder for the Pictorial, the pre-show flyer and the membership directory and can be expanded to other uses as needed especially for the use of local clubs to promote their events.

The premium list and the pre-show flyer will be on the website and notice will be sent by Constant Contact which is a savings to the club of \$1000.00 per year.

The BFCA Rescue Trust will receive a \$1000 donation to seed the new Bichon Emporium which you will hear about in the Charitable Trust report.

The Treasurer's Books will be audited before the end of the Specialty. George Sikes has done them for the last few Specialties and we wish he was here to do this year's also.

### **Treasurer—Lillian Endo**

The ending balance as of 4/15/15 is \$41,108.67. The full-year financial report will be included in the Summer Bulletin and will represent 5/1/14 through 4/30/15.

### **Judges—Betty Ribble**

The membership has accepted the concept of online balloting. We have an average of 35% voting for judges. A problem with the second round, weighted ballot is still occurring. A statement will be added to the ballot for the second round that a vote can be cast for a person only once. The problem was explained that the vote for the same person in the second round in all three preference (first, second and third choice) are non-compliant and the vote will be rejected.

### **BFCA/Rescue Trust Report—Gail Antetomaso, Zandra Kern and Matt Abbott**

Gail introduced Zandra Kern who is the new co-chairman for the committee with Matt taking care of the finances. A total of 76 Bichons were rescued in 2014 and all have been placed. To date this year we have rescued 18 Bichons. Zandra reported on the activities of the committee for the last year which included:

## Minutes of the 51st Annual Meeting

- A new website
- Facebook page with 4,200 followers. It is used primarily for placement and raising funds.
- Newsletter reaching 7000 likes. The newsletter talks of activities and rescues with a plan to start including health and educational articles. If you want to receive the newsletter, send your email address to the Charitable Trust.
- A rescue brochure which is available to local clubs upon request.
- Business cards for all fosters and workers on the expanded committee.
- Many funding raising activities have been held this year including a Black Friday event, Wolf Tracks App which gives Rescue funds when a person downloads the app and logs in their walks with their dog; Bichon Bash which is usually attended by 250 dogs and their owners and raises \$10K per year.
- A new Bichon Emporium will feature local artists for items sold at events and on the website.

A round of applause was given from the audience for their work and enthusiasm.

The end of 2014 year balance is \$39,361.68. As of 3/31/15 the balance was \$39,233.55. The funds in the account are very fluid with income and expense nearly balancing for any given period.

### Health Committee—Nancy McDonald

The following is the report given by Nancy at the annual meeting.

In May 1964, BFCA Health Committee Chairman was contacted by Dr. Kirk Gelatte who had begun research into congenital cataracts in the Bichon Frise. That, ladies and gentlemen, was over 50 years ago. BFCA conducted a health survey in 1993. A BFCA representative attended the first Parent Club Health Conference. Your parent club has been on the forefront of facing health issues for a long time. And it seems you, the breeders, are honing in on high standards for your breeding requirements. One of your standards for receiving your CHIC number is having your OFFA on hips. You now have another option on hips. To receive a CHIC number, you may have a PennHip instead of the OFFA. In order to receive your 5-star award, the hips must be a distraction index of .5 or better. We are in the process of getting information on the PennHip exam on the health web site. Thank you for continuing to demand the best.

The Health Committee looks carefully at research grants from Canine Health Foundation as well as Morris Animal Foundation. Yes, after the calendar sales, there was money to invest. But only research that may directly benefit the Bichon is considered; such as skin, cataracts, bladder stones, heart disease, diabetes. Specific studies for a specific breed is not considered. This year we supported two research grants.

### 1. Understanding How Mammary Cancer Develops. Morris Animal Foundation

## Minutes of the 51st Annual Meeting

2. Evaluating the Contribution of Fungal Infection to the Pathogenesis of Atopic Dermatitis: Putting Evidence Under the Use of Antifungal Medication. Canine Health Foundation.

(I think there is a contest among researchers on who can provide the longest name for their research study)

The on going study from 2013, Understanding the Genetic Basis for Urinary Stones is still on going. Those of you who provided your Bichons with stones for this study certainly have helped with this research. The study has zeroed in on Miniature Schnauzers and Bichons. More testing needs to be done but based on initial testing, there is a genetic pattern in the chromosome 15 region in 80% to 90% of the Bichons with stones. The entire content of Dr. Furrow's latest update will be in the Health Times. Dr. Furrow is using her discretionary research funds to keep the research going for now, but is also applying for another Morris Animal Foundation grant to help complete the study.

A side note here, to be an official sponsor for a research study at Morris Animal Foundation has changed from a donation of \$3000 to a donation of \$10,000. Undoubtedly, they will accept any amount of money we wish to give, but for us to be an official sponsor in the future may be gone.

### Morbidity/Mortality

Again, this year, we ask that you fill out the morbidity/mortality report that you find on your chairs. The information from last year was cataloged and so will this year's. We are looking for a trend causing illness and/or death in our Bichons.

Spaying and neutering is a hot topic right now and hot opinions are coming from three fronts, those of breeders, a pet owners and rescue workers. I have the privilege of attending the CHF Parent Club Health Conference this August and this topic is one I hope to explore more thoroughly. It was interesting that all the morbidity/mortality reports from last year were concerning Bichons neutered/spayed after 4 years of age.

Please fill out the morbidity/mortality forms when you can and either leave them on your chair, or get them to us when you can this week.

\*\*\*\*\*

The Canine Health Foundation has changed how it handles the Donor Advised Funds. The DAF program was created for a place to hold the Purina Parent Club Program funds until the breed parent club designated to which research program the funds should go. As some parent clubs are not active and/or do not communicate with CHF, over three million dollars were sitting in those funds. That has been changed now, CHF channels the funds of those non-participating clubs. As BFCA has actively remained in contact with CHF, our funds go toward areas of our health concern. As stated before, BFCA does not recommend any product. But if you do feed Purina, thank you for signing up for the PPCP.

## Minutes of the 51st Annual Meeting

A new member has been added to the health committee, Mayno Blanding. Mayno has medical education in her background; she is devoted to her dogs and breeding program; and she is always sending us good articles on canine health so putting her on the committee puts all that interest to good use.

\*\*\*\*\*

Thursday and Friday at the Health Table, we have swabs for your DNA catch. Also there will be a silent auction for some Roland Lloyd's sculptures and some Bichon figurines that need new homes. Come by and see us.

### 2015 Specialty—Lillian Endo

Lillian reported that working with the hotel has been great and they have been responsive to any changes that Lillian has requested. There will be a cash concession on Thursday and Friday between 11:00 and 2:00 for lunch. Nancy Noonan will be selling catalog and taking DVD orders before show starts. Please get there early as the sales will halt during breed judging.

Lillian thanked Shyla Newton for the donation of a bottle of red and a bottle of white wine on every table.

### Auction—Matt Abbott

Matt is filling in for Paula who is on her way. Some of the silent auction items were displayed including a Diane Ayres painting, a colored pencil drawing of a bunny and a Bichon done by Lorrie Carlton's mother, and a pave Bichon ring. There will be a special category in the raffle for some very special items and will require a blue ticket sold for \$20.00/5 tickets. A live auction will be held to shave the beard of Jonathan "The Scissor Man" in any design, any color and any way desired. This live auction will include some great items donated by Jonathan.

### Future Specialties—Myra Wotton

The 2016 National Specialty will be held in Minneapolis, Minnesota at the Hilton Airport hotel. The hotel is across from the airport and adjacent to the Minnesota Wildlife Center. The hotel offers a free shuttle to the Mall of America and a light rail service will take you downtown.

The BFCA agility trial will be held on April 29, 30 and May 1 prior to the specialty (May 6&7). She urged having agility members or any members to come early and join the fun.

The specialty judges are Frank Sabella for Conformation and Gail Antetomaso for Sweepstakes. Myra urged that you book early in case the bloc is sold out. A better negotiation position for adding to the bloc may be possible.

Myra is looking at some fun ideas for changing up the specialty including a picture with our Sid Fletcher, a professional Santa, and your dog.

## Minutes of the 51st Annual Meeting

Myra then moved to the 2017 specialty which will be held at our second choice hotel in Atlanta. We were in the third round of draft contract with the first choice, Denver, when the hotel added some unworkable requirements such as: No dogs on beds, no bathing in the room, no use of hotel towels for dogs, a high fee for each dog in the room. Negotiations were unsuccessful in removing these requirements. We will be at the Sheraton Airport in Atlanta in 2017. The event will be held the Thursday and Friday before the Mother's Day weekend. Judges will be Mimi Winkler for Conformation and Kathy Vogel for Sweepstakes. Tentatively Sherren Watts (subject to her acceptance) will judge Special Attraction Bred-By.

By using Helms-Briscoe (free service to BFCA) we have been able to save 25% in Minneapolis and 40% in Atlanta. We are having a more difficult search for hotels now that business has upturned and having a good search team with great negotiation skills has been very helpful.

### Agility—Shirley Hamilton

The Agility Trial report will be included in the Summer Bulletin. Shirley gave an overview of the trials held in April 2015. We had the max 330 runs per judge per day which maximized our revenue. She thanked the eleven members who worked the event during the hours of 6:30 AM to the last run. They are Sid and Mollie Fletcher, Keith and Sandy Hanson, Rick and Debra Macias, Vickie Halstead, Myra Wotton, Robbie Bleeker and Dick Hamilton.

Another thank you to the BFCA members who donated cash or gift cards to the workers raffle. All of the workers (it takes about 35) who work the trials are volunteers and the food and raffle are the key items to getting their participation. The first 35 are guaranteed entry. The workers are given breakfast and lunch and receive a ticket for every job done during the trial. Those tickets go into the raffle for prizes.

The Bichon High in Trial went to Rick Macias in a hotly contested match. Rick had an easier time of it the year before. The Brocketts donated 2x2 training jumps in memory of Lois Morrow.

Shirley closed with a special invitation to attend the 2016 Agility trial the weekend before the Specialty.

### New Members—Judy McNamara

Judy McNamara asked that the new members and their sponsors stand. A welcome was given to:

Carole Thompson (Nita Gryan and Mimi Winkler)  
Stephanie Toom (Kathy Andrew and Dale Hunter)  
Elaine Forstall (Nita Gryan and Janet Weiderhold)  
Becky Buckman and Bill Torngren (Gail Sarner and Joann Rubin)

Wilson Ramirez (Deb Gibb and Linda Rowe)  
Betty Conrad (Mayno Blanding and Gayle Sarner)  
Jolee Hanson (Roberta Bleeker and Vickie Halstead)  
Neena Pelligrini (Barbara Barton and Ann Freeman)

## Minutes of the 51st Annual Meeting

## **OBEDIENCE CRITIQUE—RICK GARVIN**

I enjoyed my obedience assignment at the 2015 Bichon Frise Club of America's National Specialty held in Topeka, Kansas. The hotel, grounds, and ring area were fantastic. The atmosphere was most enjoyable. I am sorry to say that my entry was rather small but those teams that chose to enter are a credit to the Bichon Frise fancy. The dogs were well groomed and every team seemed to have fun when exhibiting. I was most impressed with the spectators as everyone clapped and cheered as the dogs competed. This speaks highly for all the exhibitors, both breed and obedience, at this year's National. It would seem that the Bichon Frise fancy is a special group of people and I thank each of you for showing good sportsmanship.

Thank you very much for the assignment and I wish everyone qualifying scores at your 2016 National.

Rick Garvin

## **4-6 MONTH PUPPY CRITIQUE—FATIMA CRUMP**

First of all, I would like to congratulate the members of the Bichon Club of America for putting on a wonderful National Specialty. I am honored to have been invited to judge the 4-6 month old puppy class. I was welcomed with genuine friendliness. The ring-side mentorship and judges education seminar were excellent, and appreciated.

Now, on to the 4-6 months old puppy class. This was the first time that it was offered at the National Specialty and I wasn't sure what to expect. I had a lovely little puppy dog enter the ring with his young handler. My first view of him was on the ground. Although this puppy was a bit unsure of what to do, he moved well on lead and stood fairly still on the table for examination. This young puppy had a very nice topline with a good tailset and carriage. As he stood for examination, I was pleased to see that he had beautiful dark pigment with a pretty big round dark eye with a cute button nose that also displayed a nice equilateral triangle in the headpiece. When checking the pads of his feet, I was pleased to see that they were very dark and the pads were very visible when moving away from me. He was a cute little package of white fluff.

Once again, thank you for the opportunity.

Fatima Crump

## JUDGE'S CRITIQUE—EDD BIVIN

The National Specialty was great fun for me in that I had a good opportunity to see the changes that have been made in the breed since I first judged the event many years ago. As usual for this event, the venue was excellent and the conduct of the event was great. The committee must be commended.

While I feel strongly that critiques are demonstrated in the ring and opinions are given about breeding stock there, I understand that some still wish a critique.

The entry, while not large, was of quality. Improvements have been made in heads, coats, temperaments and soundness. I thought overall that dogs were stronger than bitches. Unlike in the past, the open classes were smaller than one would expect. The bred-by-exhibitor classes were not large. One must wonder why these declines in that national specialties are considered by many to be breeder's forum classes.

The Winners Dog and eventually Best of Winners went to #49 from the Bred-By-Dog Classes. He was a wonderful make and shape, sound in movement, lovely headed and good coated. His temperament was exuberant and suitable for the breed. He was followed by Reserve Winners Dog, #7 from the 6-9 Months Puppy Dog Class. This was a wonderful youngster that should have great fun beyond this event. The Reserve Puppy Dog was to be Best Puppy in Show. #49 was Best Bred-By-Exhibitor in Show.

In bitches, #78 from the Open Class was Winners Bitch. She was a lovely bitch, much like the male in female form—sound and of good type. She should be a good producer and show example. The Reserve Winners Bitch was #68, Second Place winner from the Open class. Much like the Winners Bitch, but probably not as up on the day.

The Best of Breed winner was #103. A lovely male of good type and proportion. He had a wonderful face, eye and expression. Sound in movement and good coat. He was deserving of the win. Best of Opposite Sex was #124. She was a lovely bitch with all the qualities of the male so sought after in the breed. She was not as "on" for the day. I later learned that she was not as experienced. Both of these ultimate winners plus Selects and Awards of Merit were well deserved.

Thanks for allowing me to judge the specialty. I enjoyed the day.

Edd Bivin

## Officer's Reports

## President's Report—Judy McNamara

Happy summer to you all. I hope you are all well and withstanding the heat.

If you didn't make it to Topeka in May you missed a great time! I would like to thank Lillian Endo our show chair for the great planning and all of her committee for all of their hard work. It was a great week and I hope everyone had a good time. The board always works very hard during the year helping with plans for the show and I thank you all for your efforts.

As you know the board said good bye to three members, Katherine Dillon, Karen Chesbro and Kieth Hanson. We will miss you and thank you for all of your past contributions to BFCA. New board members we welcomed aboard are John Wise, Matt Abbott and Lynn Ramich. The new board is already at work on projects for coming year.

As was announced at the annual meeting, the board approved a contract to update the web site. It is underway and we will keep you posted as it is a work in progress. It promises to be much more user friendly and should be easier to find club information. We will continue with our Constant Contact to keep you informed about timely issues. You seem to like voting via CC and we will continue with that. Paper ballots will continue to be available also.

Myra Wotton and her committee are already working on Minneapolis for 2016 and I hope you will plan on being there next year. Judges will be Frank Sabella for conformation, Gail Antetomaso for sweepstakes, Kathie Vogel for Bred by Exhibitor Special Attraction and Louise Botko is doing obedience and rally. Keep in mind the Agility Trial is the week end before the National and would be well worth your time. Dates for the Specialty are May 7-8 2016.

Don't forget dues are due now.

## Officer's Reports

## **BICHON FRISE CLUB OF AMERICA CHARITABLE TRUST**

**Est. 2003**

### **Summer 2015**

Spring and summer started out slow in rescue. Now all of a sudden we have had an influx of rescues. We currently have 14 Bichons in rescue awaiting new permanent homes. Fortunately we have available fosterers willing to take these rescues until suitable permanent homes are found.

All of our rescues are posted on Petfinder; also visit our Facebook page at Bichon Frise Club of America Charitable Trust, to see many of the rescues and their stories. We think you will be proud to see how your clubs rescue effort helps re-home unwanted and abandoned Bichons.

We are hosting a "Bichon Bash" at Bull Run Park in Centreville, Virginia on Sunday, September 13, 2015. This will be our first Bash which is a fund raiser for rescue. We hope that some of you can attend. There will be a link for registration on the BFCAT website and registration will start August 1<sup>st</sup>.

We have volunteers attending the DogFest in Shepherdstown, West Virginia on August 15<sup>th</sup> and 16<sup>th</sup>. Our volunteers will be promoting our rescue effort and providing education to current and potential Bichon owners. This is Shepherdstown's Annual Dog Festival. It is a gathering of over a 1000 dog lovers with a meet and greet. There will be educational booths for attendees to visit, dog friendly restaurants and a yappy hour.

We are still promoting amazon smile and walk for a dog which is an app that can be downloaded on your smart phone. Both benefit the rescue effort.
